NOTES

VIEWING: The sale animals can be inspected prior to the sale by appointment with the Vendors.

ROSTRUM TELEPHONE NUMBER: The rostrum telephone numbers on the day of sale are:-

Derek Biss 07850 932555

Sally Mitchell 07764 817998

OFFICIALS

Judge: Mr G Hunter

President: Mrs C Gay

Inspectors: Mr J Barker, Mr G Summerhayes, Mr R Gove

Stewards: Mrs S May

Ring Steward: Ms H Tucker

Weigh Stewards: Mr E Hitch, Mr M Wright

Vet: Mr Piers Peperell

REFRESHMENTS: A canteen is available on site.

ORDER OF CATALOGUE: With the exception of bulls, all lots are sold in catalogue order. As indicated in the catalogue, the order of sale of bulls will begin with Champion and Reserve Champion followed by the remaining lots.

HEALTH TESTS: All animals have been pre-movement tested for TB in accordance with the current DEFRA regulations. All adult animals and calves at foot over 9 months of age, entered in Section 1 of the Sale have been BVD antigen tested clear and vaccinated. Calves at foot under 9 months of age are not sold as BVD tested and vaccinated. With regards to in-calf females entered in Section 1, no warranty is made with regards the BVD status of in-utero calves whose dams were not fully vaccinated against BVD prior to running with the bull. Due to the nature of the disease, statements about Johne's Disease status are only given for animals from CHeCS accredited herds and in such cases, a whole herd Risk Level for Johne's will be given where available.

FERTILITY: Females sold as "in-calf" have been PD tested as 12 weeks or more in calf on the day of the PD test. Females PD'd at under 12 weeks, are not sold as in-calf.

NATIONAL BEEF ASSOCIATION TERMS & CONDITIONS OF SALE: Animals sold in Section 1 and 2 are sold under the NBA Terms & Conditions of Sale (unless where exceptions are specifically stated for individual lots sold as part of a Major Reduction or Herd Dispersal). The Society draws vendors' and buyers' attention to these Terms & Conditions which can be viewed in full at www.redrubydevon.co.uk, www.nationalbeefassociation.com, or by contacting the DCBS Secretary for a paper copy. Copies will also be available at Sedgemoor market on the day of sale. The Society draws vendors' attention to Annex 1 of the NBA Terms & Conditions "**Guidelines for the Standards of Good Husbandry and Management In respect of bulls purchased at Sales**". Animals sold in Section 3 of the Sale are sold outside of the NBA Terms & Conditions. The Society has fixed the "keep" element of these rules at £7 per week for Bulls and £5 per week for females.

DCBS INSPECTION OF CATTLE: In addition to statutory inspection of cattle arriving at market, the DCBS conducts its own inspection of cattle forward:

Bulls: Bulls are inspected on Sale Day by the DCBS-appointed veterinary surgeon prior to the commencement of the Show & Sale. In the case of a bull failing the veterinary inspection, the bull may not be sold on Sale Day, either through the ring or outside. Registration of any progeny from a bull failing the veterinary inspection that are subsequently entered for registration in the Davy Devon Herd Book will be subject to the progeny passing an inspection by DCBS, and the owner of the animals to be inspected will be required to bear DCBS' costs. DCBS will mark the bull's pedigree certificate on Sale Day with regard to this restriction. The veterinary surgeon's decision on Sale Day is final. The owner of the bull may subsequently make a written request to DCBS for the bull to be re-inspected at a later date. All bulls are weighed on Sale Day. DCBS Inspectors may fail a bull on weight-for-age grounds.

In the case of a bull passing the veterinary inspection but failing on weight-for-age, the following provisions will apply:

- No restriction will be placed on registration of progeny.
- The bull's lot number sticker will be scored through.
- The bull may be sold through the ring following the conclusion of the Show & Sale.

In such a case, neither the NBA Breeding Warranties nor the DCBS waiver of buyer's transfer fee will apply.

Females: Females are inspected on Sale Day by DCBS Inspectors prior to the commencement of the Show & Sale. If rejected for whatever reason, the animal's lot number sticker will be scored through. The animal may be sold through the ring following the conclusion of the Show & Sale. In such cases, neither the NBA Terms & Conditions nor the DCBS waiver of transfer fees will apply. Progeny of females rejected at inspection will be eligible for registration in accordance with registration criteria at the time of birth. Where a bull has been rejected from the Show & Sale for failing the veterinary inspection (as above), females in calf to the rejected bull will be sold following the conclusion of the Show & Sale, and their progeny will be required to pass a veterinary inspection prior to registration (as detailed above).

UPSET PRICE: All bulls are sold subject to an upset price of 1600gns.

DESCRIPTIONS: The written notes or verbal comments supplied by the vendor are not the responsibility of the Auctioneers or the Devon Cattle Breeders' Society. The notes describing each animal included in the auction particulars, including health declarations, have in all cases been supplied by the seller. Whilst the Society makes every effort to ensure the accuracy of these notes, the Society cannot except any liability to the purchaser of any animal for any loss damage, costs, expenses or other claims for compensation arising from any details or instructions supplied by the seller of that animal which are incomplete, incorrect, inaccurate or misleading in any way.

The Devon Cattle Breeders' Society is grateful to

Telephone: 01643 841611

DCBS TYPE CLASSIFICATION SCHEME: The DCBS operates its own breed specific type classification scheme to assist breeders' efforts in breeding the "ideal type" Red Ruby Devon. The scheme has been running since 2005. The classification scheme's scoring system measures skeletal conformation, mobility, and breed character to produce a Final Score of 100. Animals are classified by the Society's independent Classification Officer, into the following classification designations:

Moderate "M" scores 50-59 out of 100 Very Good "VG" scores 80-89 out of 100
Good "G" scores 60-69 out of 100 Excellent "EX" scores 90-100 out of 100

Good Plus "G+" scores 70-79 out of 100

Animals entered for sale which have been Type Classified will have their classification designation shown at the end of the pedigree registration number.

ABRI BREEDPLAN PERFORMANCE RECORDING: The DCBS operates a Performance Recording Programme with ABRI Breedplan. Lots offered for sale from vendors who record with Breedplan will have the latest Estimated Breed Values (EBVs) included in the catalogue. Only Red Ruby Devon GROUP BREEDPLAN EBVs or INTERIM EBVs with Accuracy (Acc) can be validly compared between herds. An EBV (Estimated Breeding Value) is the best estimate of an animal's genetic merit for that trait. An Accuracy (Acc) value is presented with every EBV and gives an indication of the amount of information that has been used in the calculation of that EBV. The higher the accuracy the lower the likelihood of change in the animal's EBV as more information is analysed for that animal or his/her relatives. **Accuracy below 75% should be considered low.**

For further explanation of EBV please refer to the ABRI Tip Sheets available to download on the Breedplan page on the DCBS website www.redrubydevon.co.uk

The Red Ruby Devon GROUP BREEDPLAN Estimated Breeding Values contained in the Sale Catalogue were compiled by the Agricultural Business Research Institute (ABRI) from data supplied by breeders. Neither the Devon Cattle Breeders Society nor the ABRI oversee or audit the collection of this data.

DCBS SHOW & SALE DATES FOR 2019

Auctioneers: Greenslade Taylor Hunt, Sedgemoor Auction Centre

For Spring Show & Sale – Thursday 21st March 2019

For Autumn Show & Sale – Thursday 3rd October 2019

KEY TO DEVON DAVY HERD BOOK CLASSIFICATIONS

Letters in front of the animal's Registration number	Definition
BN	Birth notified male or female. Birth notification is a precursor to registration. Owners of birth notified males must apply to the Society for the bull to be inspected for registration from 14 months of age. Birth notified females can be registered at any time subject to payment of the necessary fees.
F	Pure bred genetically horned female registered in the full Herd Book
PF	Pure bred polled female registered in the full Herd Book
FX	Extra Supplemental Register female, where a part bred male appears somewhere in its ancestry (FXP = polled version)
M, PM, MX, MXP	Male equivalents of the above
SR	Supplemental Register open to females only. For genetically horned female
SRP	As above, for polled female
GUS	Graded up (no longer used. Now SR or FX)
E, PME, PFE	Polled Grading Up Registers (closed 1995)
Number only	Eg. 112233 Full herd book animal Born prior to 1986
Percentage purity is stated up to 87.5% beyond which full purity is assumed	
Letters at the end of the animals registration number	Definition
ET	Animals resulting from Embryo Transfer
F1	Females registered in the first tier of the Supplementary Register. These animals will bear a SR or SRP prefix (see above). Their female progeny, sired by a pedigree registered bull will be eligible for registration as F2 Supplementary Register. The male progeny of F1 females are not eligible for registration
F2	Females registered in the second tier of the Supplementary Register. These animals will bear a SR or SRP prefix. Their female and male progeny, sired by a pedigree registered bull will be eligible for registration into the full Herd Book.
SC	Scurred (incomplete/partial) development of horn growth

FULL HERD BOOK IN-CALF HEIFERS

HEYWOOD & HURD (WHITEFIELD)

LOT 8

WHITEFIELD ORANGE 228TH PF160005

(UK345138 600438)

Born 02/01/2016

Polled

Sire: Whitefield Male-Order
(PM14024)

gs: Whitefield Centurion (M04009)
gd: Whitefield Bridesmaid 17th (f2) (SR9817)

Dam: Whitefield Orange 210th
(PF130948)

gs: Lee Manor Campaigner (M11043)
gd: Whitefield Orange 179th (F08801)

This true gem of a polled heifer offers an extremely exciting genetic package; she has been running with our multi Championship winning junior stock bull, Whitefield O'Reilly, from whom we have retained every daughter from his first crop in 2017 and no females have been sold in calf to him to date. Orange 228th will be PD'd prior to Sale. Her breeding, along with her tremendous phenotype makes her a definite highlight for anyone looking for world famous genetics. The Whitefield herd is a members of Biobest HiHealth, accredited free of BVD. Orange 228th was BVD vaccinated on 4.3.18. She will be tested for IBR and Lepto prior to Sale. Will be TB tested prior to Sale.

FULL HERD BOOK MAIDEN HEIFERS

THE EX'ORS OF MRS P ALLSOP (COXWELL)

The Coxwell herd is a member of CHeCS accredited Premium Cattle Health Scheme, accredited free of BVD and IBR. These heifers offered for sale today were tested negative for BVD, Lepto and IBR, and BVD vaccinated on 1.8.18 and 1.8.18. Will be TB tested prior to Sale.

LOT 13

DITTISHAM DIMPSEY (SC) PM17098

(UK366784 700086)

Born 09/01/2017

Sire: Tilbrook Sunset 2nd
(PM06123)

gs: Tilbrook Sunset (PM0054)
gd: Tilbrook Tollette 18th VG80 (PF00481)

Dam: Dittisham Daisymay
(F141706)

gs: Thorndale Assirati EX92 (M0024)
gd: Wellshead Daisymay 9th VG83 (F091380)

This well-mannered bull combines Tilbrook Sunset 2nd's excellent Breedplan growth data and easy-calving polled genetics with a show winning Thorndale Assirati cow who was Breed Champion at Honiton Show this year and Interbreed Champion at Kingsbridge Show this September. Dimpsey is a naturally shapely well-fleshed bull that has proven himself on 3 heifers this spring. This year he was Supreme Champion at competitive Totnes Show (class of 48 South Devons), winner at Yealmpton, Honiton, Okehampton, Kingsbridge Shows, and placed at Devon County, Mid Devon, and Holsworthy Shows. The Dittisham herd is a members of Biobest HiHealth, accredited free of BVD, IBR, Risk Level 2 Johnes. Dimpsey was tested negative for BVD and IBR on 6.2.18 and was vaccinated for BVD on the same day. TB tested clear on 6.9.18.

This gentle cow has great depth and width. At 13, her dam is one of the oldest cows in our herd and has consistently bred show winners. One of Lodestone's daughters is for sale today. This cow gets in calf and calves easily. She is halter trained and has been shown successfully. She is only being sold to make room for younger heifers entering the herd. She has been running with Northmoor's Romeo since 20.4.18 and was PD tested on 3.9.18 as 14 weeks in calf. The Bagnell Herd is a member of Biobest HiHealth, holding Elite health status since 2006. The herd is accredited free of BVD, IBR, Lepto, and is Risk Level 1 Johnes. Tested clear for all diseases on 2.10.17 and given BVD annual vaccination on 14.4.18. Whole herd TB tested clear on 29.5.18. She will be TB pre movement tested prior to Sale.

JP WILLIAMS (TREGULLOW)

The Tregullow Herd is a member of CHECS accredited Biobest HiHealth Scheme, and has had Elite health status for over 4 years. The herd is accredited free of BVD, IBR, Lepto, and is Risk Level 1 for Johnes. This consignment of 3 in-calf heifers have been BVD vaccinated on 4.9.18 They have been running with Bollowal Trevithick from 22 April to 1 September and will be PD'd prior to Sale and TB pre-movement tested. Tregullow cattle are bred to produce an optimal carcass weight solely from good quality pasture. We only bring cattle forward to the Sale that we would be just as happy to maintain in our own herd.

WADHAYES FARM PARTNERS (WADHAYES)

The Wadhayes Herd is a member of CHECS accredited Premium Cattle Health Scheme, accredited free of BVD. This consignment of 3 in-calf heifers were given their annual BVD vaccination on 22.5.18. They have been running with Knowstone Rock Solid 2nd since 16.7.18 until the day of the Sale. Knowstone Rock Solid 2nd is a well grown deep red coloured bull and was Champion at this year's Spring Show & Sale. Eastyard Magnet has left very good progeny in the herd. Heifers will be PD tested prior to Sale.

gd: Hagley Alexander 1st (PF08204)**WADHAYES FARM PARTNERS (WADHAYES)**

The Wadhayes herd is a members of Premium Cattle Health Scheme, and is accredited free of BVD since May 2017. The only reason these two maiden heifers cannot be offered for Sale in Section 1 as BVD clear and vaccinated, is that their first vaccination course will not be completed 30 days prior to Sale as required for Section 1. These two full herd book heifers were TB tested clear on 6.9.2018. Both heifers are sired by Eastyard Magnet who left very good progeny in the Wadhayes herd.

SECTION 3 - STEERS

(And any breeding cattle sold out of catalogue order following DCBS inspection.
See notes at front of catalogue for terms)

STEERS

S&G PHILLIPS (COLLETON)

A consignment of bullocks from the Colleton herd which won Best Herd in Devon in the 2018 Herd Competition. After weaning in December these bullocks outwintered in a woodchip corral on pea/barley/grass silage. They were wormed 31.8.18. Colleton is a member of CHECS accredited Biobest HiHealth Scheme, testing for BVD IBR and Johnes (Risk Level 1). These bullocks offered for sale today were BVD tested negative and vaccinated on 2.1.18, IBR negative on same day, and Lepto vaccinated on 29.1.18.

INFORMATION FOR BUYERS

PEDIGREE TRANSFERS

Under Devon Cattle Breeders' Society rules, transfers are the responsibility of the purchaser and a transfer fee is payable by the purchaser: £13.20 per female and £19.20 per male (incl. of VAT)

However, for all animals purchased at the DCBS Society Show & Sale, all transfers are FREE for animal purchased in Sections 1 and 2 of the Sale and the pedigree transfer will be completed automatically by the DCBS office.

Please note the normal transfer fee will apply for any animal sold in Part 3 of this sale or sold privately. In this event, buyers will be given a transfer form to complete and return, with fees, to DCBS office.
