PLEASE NOTE:

All cattle must be housed/penned for inspection prior to the arrival of the inspector. You are required to provide access to a working crush should the inspector require closer inspection and for taking a DNA hair sample. If, on arrival, the inspector assesses the facilities and conditions provided to be inadequate to enable safe inspection, the inspection will not proceed but the inspection fee will remain due regardless.

HAIR SAMPLE FOR DNA: Hair must be clean and be taken from the **TAIL SWITCH**. Hairs taken from the coat does not provide a viable sample for DNA profiling.

DEVON COW

- 1 HEAD feminine and moderately long, with broad indented forehead; the nose of flesh colour, clean and free from blue or black, the nostrils high and open, the jaws clean, the eyes bright, lively and prominent; ears thin and fringed with hair, if horned then matching, spread and gracefully turned, of a waxy colour, tipped with a slightly darker shade, but not black.
- 2 NECK of a medium length; throat clean.
- 3 SHOULDERS moderately broad and flat on top and well-covered, not prominent at the points.
- 4 CHEST deep, broad, light in the brisket.
- 5 RIBS well sprung, nicely arched and flesh firm to the touch.
- 6 BACK straight, long and level; loin broad and full, hips of medium width and on a level with the back.
- 7 RUMPS long, moderately full and level.
- 8 TAIL neatly set, thick at the root, reaching to the hocks, with a thick brush of hair, and hanging at right angles with the back.
- 9 ROUNDS and THIGHS deep, broad and full, extending well down to the hocks.
- 10 THE UNDER LINE parallel with the top.
- 11 FORE LEGS straight and muscular, arms full, legs straight and set well apart, medium bone. FEET not overgrown and meeting the ground squarely.
- 12 HIND LEGS and HOCKS. Legs straight and squarely placed when viewed from behind, not to cross or sweep when walking, medium bone; hocks to be well let down. FEET not overgrown and meeting the ground squarely.
- 13 UDDER fleshy, coming well forward in line with the belly, and well-up behind; teats not too large, and square placed.
- 14 SKIN moderately thick and pliable, covered with an abundant coat of mossy hair of a rich red colour; white about the udder is admissible, but not on any other part of the limbs or body.
- 15 GENERAL APPEARANCE. Showing typical Devon character, good growth, deep, well-balanced, even fleshed and smart on parade.

For Completion by the DCBS Inspector
